Model BC 3000

CARD DISPENSER / REVALUE STATION

Part of Accountor Systems suit of vending cost-recovery products, the Model 3000 Card Dispenser/Re-Value Station is a flexible, dual-purpose machine that is compatible with most magnetic card technologies of the market today.

Key Features

Programmable

This unit can be customized to suit your organizational needs. Card prices can be set to \$1 to \$5. Programmable promotional bonus levels for card revaluation.

Accountable

Reporting capability provides transaction information you can view on the display. Print to a PC or Copy Printer. Also keeps track of card values sold and card values added.

Economical

Reduce your overhead costs. This self-service unit pays for itself in no time by freeing up your staff resources and putting a stop to theft.

Reliable and Secure

Patrons will no longer have to wait for staff availability to purchase and re-value cards and large-capacity dispensers guarantee very little down time.
